The 20th International Symposium on the Physics of Semiconductors and Applications

July 17~21, 2022 / Ramada Plaza Jeju Hotel, Jeju, Korea

## SPONSORSHIP PROSPECTUS

THE 20TH  
INTERNATIONAL SYMPOSIUM ON THE PHYSICS OF  
SEMICONDUCTORS AND APPLICATIONS

## Invitation

---

It is my great pleasure to welcome sponsors to the 20th International Symposium on the Physics of Semiconductors and Applications (ISPSA 2022) to be held during July 17~21, 2022 in Jeju, Korea.

ISPSA 2022 will be attended by eminent semiconductor devices expertise whose are the core drivers of the technologies, the application of fundamental physics to the newest technologies and devices. Sponsors are essential and key partners to the symposium, demonstrating equipment and expertise integral to symposium's strength and educational value. Your participation will complement the symposium with a successful exhibition, allowing the global community to experience the latest technologies affecting the practice today.

We encourage you to take this opportunity to advertise your company and promote your company's products during the Symposium. Your active participation in ISPSA 2022 will enhance your company's leadership image and credibility in addition to making great beneficial contributions to the field of the application for fundamental physics to the newest technologies and devices, such as graphene, topological insulators, Nano-bio devices and all related fields.

We are confident that together we can bring forth a highly successful and profitable symposium!

Thank you very much.

Sincerely,

**Yong-Hun Cho**

General Chair, ISPSA 2022

Dean, College of Natural Sciences, KAIST

Vice President, The Korean Physical Society

Chair, Semiconductor Physics Division, The Korean Physical Society
